BUSINESS OVERVIEW

Home Appliance & Air Solution

Vehicle component Solutions

Business Solutions
First introduced in 2016 with four products, LG’s first premium brand has grown and now includes OLED TV R, 8K OLED TV, Refrigerator, Bottom Freezer, Wine Cellar, TWINWash, Air Purifier and Air Conditioner.
LG’s ThinQ product portfolio has grown rapidly to welcome its washing machines, refrigerators, air conditioners, air purifiers, TVs, speakers and smartphones into the network.
Well-known for their quality, reliability and energy efficiency, LG kitchen appliances offer a superior experience with innovative technology such as Instaview™ and UVnano for the ultimate convenience and hygiene in the kitchen.
LG’s beautiful living appliances come in various styles and colors coupled with unrivaled clothing care and cleaning performance, offering innovative features such as Artificial Intelligence Direct Drive™ (AI DD) and TrueSteam™.
AIR SOLUTION

With a wide range of residential air conditioners to keep spaces cool and comfortable, LG’s air solutions are also certified by international organizations for their effectiveness in reducing allergens and germs from the air.
LG HVAC Solution is a leading player in the global air conditioning market with innovative commercial and residential air conditioners and building management solutions. With a robust lineup of ducted and duct-free products, LG enables customers to develop the solution that’s perfectly suited for their project.
LG OLED

LG’s 2021 OLED TVs (series G1, C1, B1, A1) boast self-lit panels that produce ultra-sharp, ultra-realistic picture quality with smooth, natural motion, as well as strikingly slim designs that complement any décor.
LG QNED MINI LED

Setting a new standard for the LCD TV category, LG’s newest QNED TVs enable viewers to enjoy excellent HDR image quality and a far more immersive viewing experience thanks to the combined power of new NanoCell Plus and quantum dot technologies to deliver improved reds and greens with LEDs providing the blues.
LG SIGNATURE OLED R

The world’s only rollable TV redefines the definition of television with a versatile form factor only made possible by industry-leading OLED technology.
The Vehicle component Solutions (VS) company focuses on commercializing environmentally responsible automotive components and core solutions based on LG’s proprietary technologies.
With today’s robots capable of assisting in industries including hospitality, retail, security, and healthcare, there is no limit to what tomorrow’s robot can do.
LED SIGNAGE

Wide range of indoor and outdoor LED signage tailored for various venues to offer a new level of immersion with eye-popping visuals and forms.
With a diverse range of cutting-edge offerings, LG’s digital signage solutions are helping its global customers find innovative ways to reach their audiences.
PORTABLE COMPUTING

LG gram

Ultra-lightweight + Large Screen + All-day Battery

Ultimate Portability

- Light weight at just 1350g
- 80Wh battery capacity

Best Performance

- 17-inch WQXGA IPS
